Professional Summary

Enthusiastic Computer Science student with strong interest in software development and problem-solving. Skilled in core programming concepts and continuously learning modern technologies. Passionate about building projects, improving technical skills, and starting a professional career in the IT industry.

Education

Haldia Institute Of Technology

B.Tech in Computer Science Engineering cyber security — CGPA: 7.69

Haldia
Sep 2023 – June 2027

Chhotakhelna Surendra Smriti Vidyamandir

Higher Secondary — Percentage: 65.8

West Bengal
Apr 2021 – Jun 2023

Chhotakhelna Surendra Smriti Vidyamandir

Secondary — Percentage: 76.43

West Bengal
Apr 2019 – Jun 2021

Training Certifications

DataSpace

Training Program

Jan 2025 – Present

Haldia

- Completed intensive 1-month training focused on modern industry technologies.
- Gained hands-on experience in Advanced Python programming.
- Practiced Machine Learning fundamentals including supervised and unsupervised algorithms.
- Explored Cloud Computing concepts such as virtualization, cloud deployment models, and services.

Skills

Languages: Html, Java, JavaScript, SQL, C , Python

Frameworks/Tech: React, Node.js, Express, Spring Boot, REST API ,Git

Database: MongoDB, MySQL

Soft Skills: Problem-solving, Teamwork, Leadership

ShopSite – Full Stack E-commerce Platform

Tech Stack: MongoDB, Express.js, React.js, Node.js, Razorpay, JWT, Tailwind CSS

Jan 2024 – Jan 2025

Role: Full Stack Developer

- Built a full-featured e-commerce platform with product listing, cart, wishlist, secure checkout, and order tracking.
- Implemented authentication & authorization using JWT, enabling protected routes for users and admins.
- Integrated Razorpay payment gateway and developed complete order lifecycle management (create, confirm, invoice, history).
- Developed admin dashboard for product/category management and improved performance using optimized APIs and MongoDB indexing.

Tic Tac Toe Game – Console Application in C

Tech Stack: C, GCC, Linux

Jan 2025 – Present

- Developed a two-player Tic Tac Toe game using C with a clean terminal-based UI and real-time board updates.
- Implemented win/draw detection logic using efficient row/column/diagonal checks and validated user input to avoid errors.
- Structured the code using modular functions (board display, move validation, game status) for readability and maintainability.

Hobbies

Cricket, Content Creation, Coding
